WARRANTY IS VOID IF PRODUCT IS NOT USED FOR THE PURPOSE FOR WHICH THIS PRODUCT IS MANUFACTURED.

EarthBulb is an official ENERGY STAR® partner and meets the ENERGY STAR® guidelines for energy efficiency.

Minimum operating temperature is -15°C (5°F). Not for use in fully enclosed fixtures. Outdoor use requires a ventilated weather-protected fixture.

CAUTION: to avoid early failure due to incompatibility, please observe the following precautions:

- Risk of electrical shock. Do not use where directly exposed to water. Do not open - no serviceable parts inside.
- Lamp may shatter and cause injury if broken. Remove and install by grasping only plastic portion of the lamp.
- Do not use with dimmers. Some electronic timer and photosensor switches contain dimming circuitry, so before using such a switch, check with its manufacturer to ensure compatibility with electronic CFL bulbs.
- Do not use with emergency exit fixtures or lights. Outdoor use requires a weather-protected fixture.
- Turn off power before changing bulb.
- This device complies with Part 18 of the FCC rules. If interference occurs move this product away from the device or plug into a different outlet. This product may cause interference to radio equipment and should not be installed near maritime safety communications equipment or other critical navigation or communication equipment operating between 0.45-30MHz.
- Use in recessed cans or enclosed indoor fixtures could result in reduced lamp life.
